## BULL WALK

A 'Bull Walk' is being held on Monday the 19th of September at 3.00 pm – Everyone is invited. Light refreshments will be provided.

## **Peter & Kristine Dingle 07 41 675140**

Peter, Kristine and Kristopher Dingle from Redline Brangus Stud, Eidsvold, have prepared a team of 16 Red Brangus bulls for the Classic Red Brangus Sale. Our bulls this year were chosen because of their muscling, good temperaments, efficient growth, weight for age, functionality and fertility. This is evident in their semen evaluation and scanning results.

All sale bulls are prepared in a grazing paddock where they have access to silage and are hand feed a small amount of bull maintenance pellets. Redline provides well covered bulls that are not overdone. Sale bulls are constantly handled with horses, bike and worked through our yards providing buyers with well-mannered seed stock that would suit any operation. Of the 16 bulls, most are registered with the majority of these bulls polled, providing for both stud and commercial operations.

## **Duff Red Brangus**

## **Stephen Duff 0438 825370**

The Duffs are fourth generation beef producers and one of the founders of the 'Classic Red Brangus Sale'.

The Red Brangus stud breeders are run under commercial conditions at "Tralee" near Proston on 5,000 acres of forest country and 1,000 acres of softwood scrub. The best weaner bull calves and replacement heifers are taken to "Springvale" at Gympie. The heifers are mated, sometimes by AI, as rising two year olds before returning to Tralee. The weaner bulls run on grass with occasional supplementation until the following winter when they are prepared for sale.

The aim is to produce bulls in the six to seven frame score range with 40 to 50% Brahman content. Emphasis is placed on correct structure, heavy bone, heavy fleshing, a proper polled head and a very quiet temperament. The Duff's believe quiet cattle not only do better but are safer and more satisfying to work with.

## **Jack & Mim Walker 07 49 931666**

Jack and Mim Walker's Jateebie Red Brangus is a commercially oriented stud based at Theodore where stud breeders are run alongside the family's larger commercial herd on forest country and native pastures.

The progeny are grown out on scrub country with buffel and legume pastures, producing grass fed EU, MSA and PCAS bullocks and surplus heifers.

The focus at Jateebie is to breed thick, easy doing and finishing, fertile cattle that will suit most markets. Fertility is of utmost importance at Jateebie and cattle are regularly challenged by country type and season and selected heavily on their reproductive performance.

## **Gavin McKenzie 07 49 825105**

The Tannyfoil Brangus Stud, founded in 1998 by Gavin McKenzie and his parents Bevan & Denise, is based at "Tannyfoil", Blackwater. The McKenzie's run a large commercial herd of over 2000 breeders, the majority being red, on properties in the Blackwater, Alpha and Arcadia Valley districts. Progeny and extra purchased steers are fattened off at two and a half years of age for the Jap market. A strict breeding policy concentrates on fertility and weight for age.

The stud's role is to supply bulls for their own breeding program whilst a number are selected to sell each year. This year 12 of these bulls will be offered at the Classic Red Brangus sale.

## **Stephen & Elaine Lil 02 68 421033**

Chadwick Downs is a family owned, business breeding beef cattle suitable to the Australian environment. Qualities of fertility, longevity, and constitution are highly prized. With just over 7000ha at Coonabarabran and Coonamble in North-West NSW, Chadwick Downs run a breeding herd of Red Brangus females, selling both bulls and females at auction and privately.

The stud came to prominence with Duarran Yackandandah, Redline Beaumont, and Chadwick Downs Red Hermes and is now producing bulls and females of exceptional quality. Red Brangus were selected for their fertility, constitution, and ability to complement existing beef herds in temperate, sub-tropical, and central Australian beef cattle areas.

## **DOONSIDE Bill & Kay Geddes 07 49 343150**

Doonside is where we endeavor to replace wire-grass on tea tree, mahogany country with Pangola grass and ponded pasture. We like a challenge. The Doonside herd evolved over years in a harsh coastal environment, so buyers can be assured their purchases will grow out and do well anywhere. Some of our clients have "good" country however we can assure them that because of our extensive genetic base, the progeny of their purchases will have the required growth patterns.

Doonside bulls fit many cross-breeding programs and have been sold all over Queensland, New South Wales, The Northern Territory, and Western Australia where they have handled even the harshest conditions with the best of them.

## **Col, Deb, & Wes Goodwin 0429 829143**

G L Brangus is a commercial/ stud cattle operation in Central Queensland run by Col, Deb, and Wes Goodwin at "Colorado", Bluff, approximately 180 kms west of Rockhampton. As GL (Goodwin Livestock) Brangus, 120 registered cattle are run as well as 400 commercial breeders. Throughout their years of operation GL Brangus has used bulls by Sam's Prospector, Leachman Kingdom, Leachman Robin Hood, Leachman Heavenly, and Excelsior Chieftan, amongst others.

The herd became strong with Angus genetics. Red polled, Brahman bulls with good temperament were infused back into the herd with bulls from Tartarus" at Marlborough and the Sorely family at Bell. These traits were reflected in their progeny.

## **Mark & Amanda Salisbury 07 41 675141**

Bimbadeen Brangus is Australia's longest-serving Brangus stud (Stud No 9) offering almost 60 years of focused genetic selection. Run by Mark and Amanda Salisbury (daughter of founder Bruce Burnham), the stud offers quality red and black Brangus bulls and females with a focus on poll, fertility and structure, and a vision for long-term commercial results.

Bimbadeen is EU & PCAS accredited, and located in rolling granite hills north of Eidsvold, in Central Queensland. The stud's bloodlines are found in stud and commercial enterprises from the coast to the desert and south to Victoria. The Bimbadeen brand stands for stud quality, hard-working, fertile Brangus seed-stock you can depend on.

## **John & Nerida Allen 07 54 949088**

John & Nerida Allen, with sons Angus and Sam, live on "Denbigh" near Woodford. Ten years ago they bought 100 commercial Doonside Red Brangus heifers which adapted easily to the coastal climate and mineral-deficient soils at "Denbigh". Some registered females were later added from Duarran, Mutdawarra, and Beannacht brangus studs.

Mawson Red Brangus has sourced registered bulls from Doonside, Redline and Duff Red Brangus. The most successful bulls have been: Doonside Budgie, Redline Deno and Duff Emu Creek. The annual A.I. Programme uses bulls including: Cadence of Brinks (carries red coat gene), Mutdawarra Red Emperor and G.K. Xtra Flash.

# Chairman says commercial focus is what it's about

Classic Red Brangus Group Chairman and Australian Brangus Cattle Association President, Mr Peter Dingle said 'keeping a commercial focus with a view to improving the bottom line for breeders, bullock fatteners and lot feeders is our aim.

Mr Dingle who has recently returned from selling bulls at Fitzroy Crossing in Western Australia said Red Brangus were starting to make a big impact even in herds running in some of Australia's toughest cattle country. 'They like Red Brangus in the West because they know the bulls will handle the conditions and they like the genetic traits a Red Brangus brings to the table'.

'Only bulls that conform to our strict criteria can be catalogued for the Classic Red Brangus Sale. With the sale now in it's 8<sup>th</sup> year we have enough data to measure our progress within the breed and against our main competitors' Mr Dingle said.

Mr Dingle said our average sale bull is 24 months of age, is about 790 kg's with a 122 cm EMA and a scrotal circumference of 39.2 square cm. 'You will go a long way to find a line of 80 bulls with that level of performance and depth of quality in any breed', Mr Dingle said.

**Classic Red Brangus Group Chairman and Australian Brangus Cattle Association President, Peter Dingle**

## Show Success

Duff Kynuna K7 (Lot 21) is the only Classic Red Brangus Sale Bull shown during the year even though the catalogue includes a number of bulls of show/ stud sire quality.

Kynuna was Reserve Champion Tropical Bull at the Samford Show and part of the winning Interbreed Breeders Group. He was also placed second in his class at the Brisbane Exhibition.
